PRESENTATION LETTER

Dear Sirs:

Through this letter, I would like to express my interest to be part of your prestigious organization since they have proven to be one of the most outstanding in the sector, so show them with my profile that I can fulfill and develop perfectly in the field that you develop, managing in this way the previous missions that I have carried out and in the sector within which I would like to continue evolving.

In the same way, I would like to mention that, thanks to my experiences and personal projects developed, I have been able to develop certain capacities that I would like to put at your disposal today.

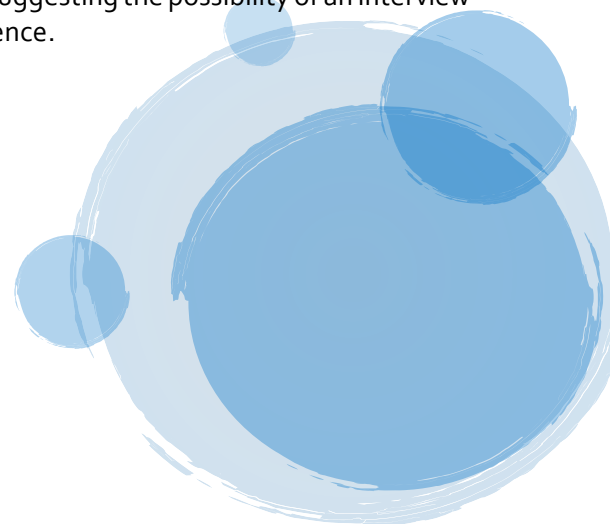

I am a Venezuelan Mechanical Aeronautical Engineer, currently living in the Dominican Republic with 23 years of experience in this field, starting as a Mechanical Technician, climbing positions as Logistics Manager, Operations Manager, General Director of an Aeronautical Organization in my country, position that gave me the opportunity and experience to materialize the purchase and acquisition of three (3) Helicopters for my State, two (2) AS350B3E and one (1) EC130T2, as well as Operations and Maintenance Manager.

In terms of personal qualities I would like to highlight my ability to be part of its prestigious team, considering me a dynamic person, able to establish excellent personal relationships, managing an excellent human resource and standing out as a responsible person, worker, collaborator, promoting a good team working and managing work under pressure. In addition, I value my ability to face and lead new changes, always willing and motivated to face a globalized and competitive environment in the pursuit of continuous improvement and optimization of resources reaching maximum competitiveness.

I would like to thank you in advance for considering this application and suggesting the possibility of an interview to explain more details if you would like to know about my work experience.

Annex Curriculum Summary, waiting for you.

Douglas Antonio Riera Guzmán
